Tailor Made Care Plans

Care plans that are as individual as the person we are caring for

At-home care exactly when and how you need it

Our tailor made care plan program allows you or your loved one to manage a personal schedule, enabling us to be available at any time from morning to night to assist in any area.

We create bespoke care plans for our clients.

We are here to help when you need us

-  On call 24/7 for client needs
-  Flexible and fast scheduling
-  Regular quality assurance
-  Thorough care management and family support

Tailor made services as unique as our clients needs

Connies Carers believe that by helping with daily activities, our carers enable our clients to maintain their normal daily routines. Our tailor made services aim to provide care with the least amount of disruption. Surrounded by their possessions, pets, and a familiar environment, our clients receive the support they need to enjoy their regular activities and continue living with independence in a clean and safe environment at home.
